## Summer Attendance

Participants that are enrolled in the scholarship program and have qualified for a grant can only miss five days per calendar month. Participants absent for more than five consecutive days without contact from the parent/guardian will be removed from the scholarship program. Participants are required to attend the full 10-week program. Failure to do so will result in disqualification of future Before School, After School, and Summer Camp scholarship/grant programs. If a situation arises requiring your teen to miss any days during the summer program for a prolonged amount of time, please call the center and communicate with the teen supervisor. We reserve the right to remove a participant due to behavioral issues. If you have any questions about the grant attendance requirements, please call your teen's recreation center.
